Quality, Environment, Health & Safety Policy

We, at Soorty Enterprises, recognize, maintain and continually improve quality, good environment and health & safety standards as integral part of our overall business management and its implementations. We are committed to:

- ❖ Executing our business of “Manufacturing Readymade Garments and Textile Made-ups” with integrity, applying ethical & social principles to our relationships with our stakeholders specially customers, venders, suppliers and employees.
- ❖ Excite our customers with utmost satisfaction by providing superior quality of garments that are value for money, accurate, delivered professionally and timely; by applying the set frameworks, objectives & targets to continuously improve the systems and customer service experience.
- ❖ Create work hazard free workplace by eliminating or reducing the injuries, risk related behaviors and promoting the sense of wellness & health standards among stakeholders.
- ❖ Strive and contribute to the sustainable development by promoting safe working environment, preserving nature, mitigating the risk, accounting for all aspects & impacts during normal as well as abnormal times, through the set frameworks, objectives & targets and by conforming to the legal requirements.
- ❖ Achieve sustainable growth by preventing pollution, conserving resources, and reducing waste product. Green house gases, toxic, emissions, by complying to environmental compliance obligations and setting up framework, objectives & targets.
- ❖ Comply with all applicable legal requirements by respecting the buyer’s Codes of Conduct and cultural norms of the countries where we export.
